COMMITMENT TO
SAFE WELDING

MAXIMUM DEXTERITY
AND FUNCTIONALITY

TWO LINES FOR HEAVY
AND LIGHTER DUTY

KEMPPI WELDING GLOVES

The gloves have been developed with our uncompromising design integrity and safety standards, from high-quality materials and for excellent functionality. Gloves were designed with every aspect of a welder's job in mind. KempPI's deep experience and expertise in welding are stitched into every pair – because we know the best gloves are the ones you don't have to think about. They do their job so that you can do yours.
