

REMOTE CONTROL UNITS

C 100D 6185413 6185414	5 m 10 m	for MMA/TIG -welding used with Master-, Multisystem- and Kempotig-machines. Coarse / fine adjustment
C 100C 6185410 6185411	5 m 10 m	for MMA/TIG -welding current, used with Master-, Multisystem- and Kempotig-machines
C 100 AC 6185417	10 m	for MMA/TIG -welding with Mastertig AC/DC -power sources. Selection of welding method MMA/TIG
C 110D 6185421	5m	for MIG/MAG-welding. For adjustment of wire feeder and voltage with Multisystem and Kempomig power sources
R 10 6185409 618540901	5 m 10 m	for MMA and TIG welding current used with Kemppi Pro Evolution, Master and Mastertig MLS™. Adjustment of wire feed speed and welding power and selection of channel in MIG welding
R 20 6185419	5 m	for MIG/MAG-welding. For adjustment of wire feed speed and voltage used with Kemppi Pro Evolution. Selection of channel with selecto-function and current control in MMA welding
R 11T 6185442		Wireless, with Master MLS™ - and Mastertig MLS™ - power sources
RTC 10 6185477		Control unit for TTC torches, can be installed to replace the original start-switch. Mastertig MLS™
RTC 20 6185478		Control unit for TTC torches, can be installed to replace the original start-switch. Mastertig MLS™
RMT 10 6185475		Control unit for PMT MIG gun, adjustment of wire feed speed and voltage used with Kemppi Pro Evolution and Kempomig. Selection of channel with selecto-function

Foot remote control units

<p>C 100F 6185405</p>	<p>5 m</p>	<p>for TIG welding used with Master-, Multisystem- and Kempotig-machines. Start-function, min/max selection of welding current</p>
<p>R 10F 6185406</p>	<p>5 m</p>	<p>in TIG welding for Kemppi Pro Evolution. Start-function. min/max selection of welding current</p>
<p>R 11F 6185407</p>	<p>5 m</p>	<p>for Mastertig MLS™- power sources</p>
<p>C 100T 6185412 6185613</p>	<p>C 100T PST 11</p>	<p>Wireless remote control unit for MMA welding used with Kemppi Pro Evolution, Master 2850 and 5001, Master or Multisystem PS- power sources together with PST 11 -receiver</p>
<p>C 120S 6185427</p>		<p>Preprogramming unit for MIG/MAG- and MMA-welding with Multisystem- and Kempomig. Adjustment of wire feed speed and voltage</p>
<p>C 100P 6185424</p>		<p>Long pulse unit for TIG welding used with Multisystem power sources</p>
